

Date: 9/21

Wednesday Challenge Form

Group Members: Half the class

Problem Statement: Every person has to hold a pipe and
A marble has to travel through the pipes without going
backwards or getting stuck

Approach: we tried to complete the challenge
By going slowly at the beginning and all the
Way through to the end.

Solution: My team won the first part but lost
The second part

Lessons Learned: team work is needed in
Groups even more with many people
