

Date: 1/11

## Wednesday Challenge Form

Group Members: Zachary, Derek

Problem Statement: make a square as close as possible to 1 foot

Approach: me and my partner chose to make The square in a simple fashion by just drawing The outline on cardboard and then each taking A box cutter we would pick a side and cut it out

Solution: the winning team was Conner and Paul although everyone was extremely close

Lessons Learned: we found out that there Doesn't always have to be planning to do good in creating something but it is helpful And highly recommended
